Jadwal Kuliah

#	Matakuliah	Hari	Jam Masuk	Jam Keluar	Dosen
1	Database Management System	Senin	07:00	08:40	Gunawan, ST., M.Kom., MOS
2	Praktek Database Management System	Senin	08:40	09:30	Gunawan, ST., M.Kom., MOS
3	Rekayasa Perangkat Lunak	Senin	09:30	12:00	Dhany Indra Gunawan, ST.,M.Kom
4	Pemrograman Web	Rabu	12:50	14:30	Teguh Wiharko, ST., MT.
5	Praktek Pemrograman Web	Rabu	14:30	16:10	Teguh Wiharko, ST., MT.
6	Manajemen Proyek Teknologi Informasi	Selasa	09:30	11:10	Phitsa Mauliana, MM.,M.Kom
7	Pemrograman Berorientasi Objek	Selasa	07:00	08:40	Toni Arifin, ST.,M.Kom
8	Praktek Pemrograman Berorientasi Objek	Selasa	08:40	09:30	Toni Arifin, ST.,M.Kom
9	Internet of Things	Kamis	07:00	08:40	Bambang Sugiarto, ST.,MT
10	Teori Bahasa Automata	Rabu	09:30	11:10	Gunawansyah, ST.,M.Kom
11	Multimedia	Kamis	09:30	12:00	Dhema Yunautama,ST.,M.Kom
12	Sistem Pendukung Keputusan	Kamis	12:50	15:20	Riffa Haviani Laluma, S.Kom.,MT.

Hitung total angsuran bulanan di SIA

```
// calculate
let total = 0;
let datas = document.querySelectorAll("[class=text-right]");
let result = 0;
datas.forEach((data) => {
    total += Number(data.textContent.replaceAll(',', ''));
   let bilangan = total;
    let reverse = bilangan.toString().split('').reverse().join(''),
        ribuan = reverse.match(/\d{1,3}/g);
    result = ribuan.join('.').split('').reverse().join('');
})
// add new row
const tbodyRef = document.getElementsByTagName('table')
[1].getElementsByTagName('tbody')[0];
// Insert a row at the end of table
let newRow = tbodyRef.insertRow();
// render collumn
newRow.insertCell().appendChild(document.createTextNode(`#`));
newRow.insertCell().appendChild(document.createTextNode(`Jumlah Total`));
newRow.insertCell().appendChild(document.createTextNode(``));
newRow.insertCell().appendChild(document.createTextNode(result));
newRow.insertCell().appendChild(document.createTextNode(``));
// change result columnt align right
newRow.getElementsByTagName('td')[3].style.textAlign = "right";
```

1. Masuk ke halaman riwayat pembayaran

Klik tombol menu -> MAHASISWA -> RIWAYAT PEMBAYARAN

2. Masuk Ke Console

- B. Tekan Ctrl + Shift + I atau tekan F12
- 3. Copy code dan paste code

A. Copy code yang sudah disediakan dan paste di console.

```
\mathbb{R} \square
                 Elements Console
                                                                    Network
                                                                                      Performance
                                                                                                             Memory
                                                                                                                              Application
▶ ⊘ top
                                                     •
                                                                                                                    Default levels ▼
  let total = 0;
let datas = document.querySelectorAll("[class=text-right]");
   let result = 0;
  datas.forEach((data) => {
    total += Number(data.textContent.replaceAll(',', ''));
          let bilangan = total;
         let reverse = bilangan.toString().split('').reverse().join(''),
    ribuan = reverse.match(/\d{1,3}/g);
result = ribuan.join('.').split('').reverse().join('');
   const tbodyRef = document.getElementsByTagName('table')[1].getElementsByTagName('tbody')[0];
   const newRow = tbodyRef.insertRow();
  newRow.insertCell().appendChild(document.createTextNode(`#`));
newRow.insertCell().appendChild(document.createTextNode(`Jumlah Total`));
newRow.insertCell().appendChild(document.createTextNode(``));
  newRow.insertCell().appendChild(document.createTextNode(result));
newRow.insertCell().appendChild(document.createTextNode(``));
newRow.getElementsByTagName('td')[3].style.textAlign = "right";
```

B. Lalu tekan enter

Bisa keluar dari console dengan tekan X di pojik kanan

4. Selesai.

Selesai dan lihat hasilnya di baris paling bawah.
